

ANNUAL FUN SHOW

Saturday 12 March 2011 at Manor Equestrian, Ower

We were certain last year that the weather could not have been better in March, but someone somewhere must be looking after us because yet again, because despite bad weather either side of the 12th, we had a perfect afternoon.

As entries are taken on the day we are never sure who will turn out, but again hats off to everyone and thank you for coming. It was nice to see so many Members supporting our event this year.

For the first Show of the season the variety of horses and ponies looked really well and turned out to perfection.

The junior handlers were a credit to themselves and their mentors, especially the youngsters who were showing youngsters. They tackled their tasks with confidence and they were the most difficult classes to judge.

Pretty Mares and Handsome Geldings, varieties of colours, we had them all.

However, the show was stolen with the performance of little Katie Barton and Albert her Shetland pony, who the Judge really did want to take home. Check them out in the photos.

See you all again next year and
"Good Luck" for the showing season
