

**New Haylage
Bagging Plant**

NEW FOREST QUALITY FEEDS

**Where
Quality Comes
Before Price**

Want to feed your horse with top quality haylage at a fair price?

NFQF is a new haylage bagging plant, opening in the New Forest.

We are providing the local equine market with two top quality haylages.

Our price might be lower than most haylage on the market but our product will be of the highest standard.

BAG CONTENT

NFQF Haylage only contains natural products - grass and sunlight.

Our bags have been specially compressed to ensure a dust free top quality product

The bags are heat sealed to retain vital proteins, vitamins and minerals.

This product is semi-moist which will help prevent respiratory health disorders, like copd.

Keep your horse or pony in top form with NFQF Hi-Fib haylage.

QUALITY

NFQF haylage has all been tested in UK accredited laboratories for level of nutrition batch numbers and used for traceability, the only additive is South Coast Sunshine.
